Crestline Skatepark Groundbreaking Planned

CRESTLINE - Second District Supervisor Paul Biane will join local business and community leaders at 1 p.m. on Thursday, April 13 to break ground on the new Crestline Skatepark.

"It's time to get this project rolling," quipped Supervisor Biane. "Skateboarders in Crestline have been relegated to parking lots and public roads for a long time. We're going to give them a safe, modern skatepark where they can have fun without having to dodge cars and pedestrians."

The 6,500 square foot skatepark will feature modular ramps and obstacles including a mini half-pipe, quarter-pipe, launch ramp, rails, benches and more. San Bernardino County Regional Parks staff members will occasionally reconfigure the ramp layout using input from riders, who will be required to wear protective gear.

The new skatepark is the centerpiece of a slate of improvements scheduled to take place at Crestline Village Park this summer. The other enhanced amenities include modern playground equipment, restrooms, a picnic shelter, wrought iron fencing, enhanced landscaping, additional parking spaces, and new tennis and

basketball courts. There are currently no restrooms or shelters at the park, which is adjacent to the Mountain Communities Boys and Girls Club.

Residents are invited to attend the Crestline Village Park groundbreaking at 1 p.m. on Thursday. The park is located on Forest Shade Road near Lake Gregory and next to Goodwin's Market.
